

PEMBINA

December 6, 2013

Greetings,

Pembina Pipeline Corporation is pleased to enclose a copy of our winter issue of "Making Connections". Since we are active in your community, we use this bi-annual newsletter to inform stakeholders like you of the various projects and initiatives we are undertaking.

Each issue works to bring you up to speed on topics such as: our projects and operations, environmental and safety programs, as well as support Pembina provides to the communities where we live, work and play.

This newsletter is additional to the direct communication Pembina has with you and others in the community. We value the relationships that are built by dealing directly with our community neighbours. We will continue to do so as a preferred way of communicating.

You can contact us through either our community email address – community@pembina.com – or by calling toll-free at 1-888-920-1979. We welcome your inquiries and/or feedback.

Sincerely,

PEMBINA PIPELINE CORPORATION

Laura Lunt
