Subject: Reminder: Plastic waste management webinar series | and more

FCM Connect | February 26, 2019

FCM Connect

Still time to sign up for our plastic waste management webinar series!

Don't forget to join the last three sessions in our five-part webinar series on plastic waste management solutions. Learn how your community can benefit by applying better solutions to existing challenges, finding new opportunities and implementing circular economy approaches.

Our sessions include:

- **Raising recycling awareness through education initiatives**, taking place on February 28, 2019
- **Partnering with your sorting centre: How to optimize plastic waste management**, taking place on March 7, 2019
- **Closing the loop: From plastics to products**, taking place on March 14, 2019

Attend all three sessions, or the individual webinar that suits your needs.

Register today.

This webinar series is part of the Thinking Big series.

Spotlight: Funded projects

New loan approach funds waste project

When the City of Edmonton, AB, needed funding for a highly innovative waste-to-energy initiative, they turned to FCM's Green Municipal Fund (GMF). Given the complexity involved in financing the \$136 million project, FCM partnered with another lender, marking the first time GMF participated in a syndicated loan arrangement.

The project is expected to increase the city's waste diversion rate to 90 per cent by transforming household waste into energy that will then be sold.

Looking for funding for an innovative sustainability project in your community?

Apply for funding today.

Programs are delivered by FCM and funded by the Government of Canada.
