## WHY ATTEND BCNRF 2025?

The BC Natural Resources Forum annually hosts a large contingent of federal, provincial, and local government leaders, as well as continuing strong interest, support and attendance by Indigenous leaders, representatives from resource developers and service and supply sectors that are the foundation of our resource economy.

The Forum offers a positive, non-partisan arena to discuss and learn first-hand the latest news, trends and opportunities within the resource sector in BC and across Canada.

### **The BC Natural Resources Forum:**

- Is Northern BC's largest and best-attended resource conference, attracting over 1,400 delegates;
- Features an impressive line-up of high-profile, respected speakers.

- Includes a sold-out trade show providing exceptional networking opportunities.

## PURPOSE, PARTNERSHIPS, AND PROSPERITY

As we come together to explore the 2025 conference theme **BC Natural Resources – Purpose, Partnerships, and Prosperity**, we celebrate the interconnectedness of these key elements and their collective contribution to positive economic and social impact in the province and globally.

We will showcase the role of BC's natural resources in the global value chain and how local initiatives are shaping international standards and practices. Through dialogue, knowledge sharing, and collaboration, we will delve into the opportunities created by purpose-driven initiatives, the power of meaningful partnerships both locally and internationally, and the pathways to shared prosperity in British Columbia's natural resource sectors.
