

Effective immediately, and due to popular demand, we will once again be letting children on to the walking track on a trial basis. Some patrons might recall that this privilege was very reluctantly removed because of ongoing safety concerns. For this to be successful we ask that all track patrons please be courteous, responsible, and safe while using the walking track.

In the interest of public safety, we ask that children under 13 be supervised by a responsible adult, and those under 5 be kept within arm's reach while on the track. All users will be asked to sign in, and out, at the reception desk when taking advantage of this free indoor recreational opportunity. Please note that this is on a trial basis only and will be subject to change if required to meet safety standards.
