

COUNCIL AGENDA REPORT LATE ITEM

DATE:	May 23, 2023	COUNCIL MEETING DATE:	May 23, 2023
DEPARTMENT:	Engineering and Public Works		
SUBJECT:	2023 Road Repaving – Expansion of Project Scope		

PURPOSE:

To seek approval from Council to expand the scope of the 2023 Road Repaving Contract to include a further 220m of asphalt roadway repaving.

SUMMARY/BACKGROUND:

The 2023 Road Repaving Contract came in under the budgeted amount. We wish to increase the scope of this contract to include repaving an extra 220m of South Access Road from Nicholson Road to Wabi Crescent. This section of South Access Road is in very poor condition, with many potholes and significant alligator cracking.

RECOMMENDATION(S):

THAT Council receive the report for information; or

THAT Council approve the addition of a contingency in the amount of \$116,000 excluding GST to the 2023 Road Repaving Contract for the purpose of repaving an extra 220m of South Access Road from Nicholson Road to Wabi Crescent.

SUBMITTED BY: Desirée LeBlanc _____ Department Head	REVIEWED AND APPROVED FOR SUBMISSION TO COUNCIL BY: Deanne Ennis _____ Acting Chief Administrative Officer
